

# Medley 2 +

digital media player & recorder

www.4geek.it

HD SATA I - II - III UP TO 1 TB  
( NOT INCLUDED )

**FREE**  
HDMI 1.3B CABLE  
SWITCH HDMI 3 X 1

## It records and plays from all audio and video sources!

### Hd recorder & Digital Player

Medley is the only multimedia recorder able to record from all audio/ video source including dvbt!

### Playing in High Definition

You can transform your living room in a cinema thanks to hdmi output with a resolution up to 1080i . scart component included.

### Digital Terrestrial Included (DVB-T)

Thanks to Digital Terrestrial Tuner included, you can enjoy high quality of digital channels and you can record them when TV is powered off.

### Sharing files in wi fi or cabled network

Thanks to network cable or wi fi adaptor (incl uded) you can share your videos with all network computers or, if you prefer, you can watch them directly on your tv. You do not need to copy videos necessarily on medley.

### Advanced functions: Time Recording and Time Shifting

With those functions you can program your recording (timerecording) and you can pause program while recording. You can continue watching your program later starting from the exact point you stopped: so you won't lost one second of your favourite programs!

### Ndas function and Storage solution

With this function you can use medley 2+ as a network hard disc (not included) and manage your files directly from your computer.
